

### **Best Practice-1**

1. Title of the Practice: Indigenous Fruits and Vegetables Exhibition
2. Goals:
  - ❖ To make students aware of medicinal indigenous vegetables and fruits
  - ❖ To make students to understand medicinal benefits of such flora-fauna.
3. The Context: The location of the college is in the Sahyadri mountain region, well-known for its distinctive flora and fauna.
4. Practice: The Science faculty organized the Indigenous Vegetables and Fruits Exhibition on 20th September 2022.
5. Evidence of Success: Through this activity, medicinal benefits of indigenous vegetables and fruits were analysed by students.
6. Problems Encountered: The college does not have laboratories to analyse the contents in indigenous vegetables and fruits.
7. Resources Required: The college required only furniture (tables)

### **Best Practice-2**

1. Title of the Practice: Hindustan Petroleum Scholarship
2. Goals:
  - ❖ To provide financial assistance to students
  - ❖ To forge an alliance between the institute and industry
3. Context: Students, enrolled in the college, are mostly from socio-economically deprived background.
4. Practice: The college, with the help of one of the trustees, approached and sent a proposal to Hindustan Petroleum.
5. Evidence of Success: 95 students out of 148 were selected.
6. Problems Encountered: The college had to shortlist students based on their performance in the college.
7. Resources Required: The college required documents to apply for this scholarship.
