B. D. Kale Mahavidyalaya, Ghodegaon
Political Science Department
Programme Specific Outcomes (PSOs)
2019 Pattern**

Programme Specific Outcomes (PSOs) – B.A. Political Science (SPPU 2019 Pattern)

PSO 1 – Foundations of Political Science

- Grasp fundamental political concepts such as the state, power, legitimacy, rights, and ideologies.
- Understand the historical and analytical evolution of these concepts through key thinkers and movements.
- Build a strong theoretical base for further specialization and analysis.

PSO 2 – Political Thought & History

- Trace the development of Western political thought—from Enlightenment, Liberal, Marxist, to contemporary traditions.
- Analyze contributions of seminal thinkers in shaping modern political discourse and institutions.
- Relate historical theories to contemporary political challenges.

PSO 3 – Political Journalism & Media Literacy

- Understand the intersection between media, communication, and power politics.
- Acquire core skills in political journalism—reporting, analysis, and critique of political events.
- Evaluate the role of media in shaping public opinion and political narratives.

PSO 4 – Political Ideologies & Contemporary Debates

- Comprehend major political ideologies—liberalism, socialism, fascism, feminism, environmentalism, etc.
- Critically engage with contemporary ideological debates and their socio-political implications.
- Relate ideological perspectives to current political and social challenges.

PSO 5 – Public Administration & Governance

- Understand key administrative concepts, governance frameworks, bureaucratic behavior, and accountability mechanisms.
- Analyze India's administrative system in the context of globalization and evolving governance needs.
- Evaluate administrative reforms and challenges in modern public administration.

PSO 6 – International Relations & Global Politics

- Identify key issues and actors in global politics—state actors, non-state actors, and institutions.
- Understand India’s foreign policy dynamics, regional and global security concerns, and relations with neighboring and major powers.
- Analyze evolving trends in international politics and their domestic and global impacts.

PSO 7 – Analytical, Research & Civic Competency

- Develop skills in critical analysis, interpretation of political phenomena, and application of theoretical knowledge.
- Engage in experiential learning—mock parliaments, debates, field visits, internships, and research projects.
- Cultivate ethical awareness, civic responsibility, and readiness for democratic participation.
